# H. R. 4119

To provide for the restoration of certain Federal land of religious and cultural significance to the Tohono O'odham Nation of Arizona, and for other purposes.

### IN THE HOUSE OF REPRESENTATIVES

June 23, 1998

Mr. Pastor introduced the following bill; which was referred to the Committee on Resosurces

## A BILL

To provide for the restoration of certain Federal land of religious and cultural significance to the Tohono O'odham Nation of Arizona, and for other purposes.

- 1 Be it enacted by the Senate and House of Representa-
- 2 tives of the United States of America in Congress assembled,
- 3 SECTION 1. SHORT TITLE.
- 4 This Act may be cited as the "Tohono O'odham Reli-
- 5 gious Area Restoration Act".
- 6 SEC. 2. CONGRESSIONAL FINDINGS AND PURPOSE.
- 7 (a) FINDINGS.—The Congress finds that—

- 1 (1) the Tohono O'odham Nation is a federally 2 recognized Indian tribe located on 4 reservation par-3 cels in southwestern Arizona;
  - (2) the Tohono O'odham people are descendants of the HoHokam Indian people and were located in southwestern Arizona from time immemorial;
  - (3) a majority of the Tohono O'odham people continue to practice, the religious and cultural beliefs and traditions of their ancestors;
  - (4) the immemorial tradition and belief of the Tohono O'odham people establishes the Baboquivari Peak and Mountain of southwestern Arizona as the center of Mother Earth and the dwelling place of I'itoi, the Creator, and holds that desecration of the mountain will lead to the destruction and end of the universe and the O'odham people;
  - (5) members of the Tohono O'odham Nation continue to use the Baboquivari Peak on a daily basis as a part of their religious and cultural beliefs and practices;
  - (6) in the establishment of the Sells Reservation for the Tohono O'odham Nation by the executive order of February 1, 1917, the eastern boundary of the reservation bisected the peak of

- Baboquivari Mountain, leaving only the western half in the ownership of the Nation, despite the fact that the mountain has been, from time immemorial, the central religious and cultural site of the Nation and the sacred symbol of its people;
  - (7) despite the express opposition of the Tohono O'odham Nation, the eastern portion of the Baboquivari Peak and Mountain was included as a component of the National Wilderness Preservation System by section 101(a)(1) of the Arizona Desert Wilderness Act of 1990 (Public Law 101–628; 104 Stat. 4469);
  - (8) the exclusion of the eastern portion of the Baboquivari Peak and Mountain from the Nation's ownership in 1917, and the inclusion of the area as a component of the National Wilderness Preservation System has frustrated the ability of the Tohono O'odham people in the practice of their religion; and
  - (9) the Forty-second Legislature of the State of Arizona passed, on March 26, 1996, House Concurrent Memorial 2005 which requests "that the Congress of the United States enact legislation to transfer in trust that portion of the Baboquivari Peak consisting of Federal lands for inclusion in the Tohono O'odham Indian Reservation.".

- 1 (b) Purpose.—The purpose of this Act is to restore
- 2 to the Tohono O'odham people, at the request of the Leg-
- 3 islature of the State of Arizona and the Tohono O'odham
- 4 Nation, the tribal religious area of the eastern portion of
- 5 Baboquivari Peak and Mountain.

#### 6 SEC. 3. RESTORATION OF TRIBAL RELIGIOUS AREA.

- 7 Subject to the management requirements and use re-
- 8 strictions in section 4, all right, title, and interest of the
- 9 United States in and to the land described in section
- 10 101(a)(19) of the Arizona Desert Wilderness Act of 1990
- 11 (104 Stat. 4471) shall be taken by the Secretary of the
- 12 Interior in trust for the benefit of the Tohono O'odham
- 13 Nation as a part of its reservation.

### 14 SEC. 4. MANAGEMENT REQUIREMENTS; RELIGIOUS USE.

- 15 (a) Management.—Except as provided in subsection
- 16 (b), the Nation, in cooperation with the Bureau of Land
- 17 Management of the Department of the Interior, shall
- 18 agree to—
- 19 (1) manage the land described in section 3 sub-
- ject to the same management requirements and use
- 21 restrictions which were applicable to the land as a
- part of the National Wilderness Preservation System
- as administered by the Bureau of Land Manage-
- 24 ment; and

- 1 (2) permit the same kind of public access to, 2 and use of, the land described in section 3 as was 3 permitted by the Bureau of Land Management as
- part of the Wilderness System.

  (b) Religious Uses.—The Tohono O'odham Nation
  may manage the use of the land described in section 3,
  and limit public access thereto, as may be reasonably necsessary to facilitate the religious and cultural uses of the
- 9 land and resources of the land, and to prevent the invasion10 of the privacy of the Nation for such uses by the public.
